Welcome!

On behalf of the entire Krull family, I would like to welcome you to the annual Moon Creek bull sale. For those of you who have used our genetics in the past, we say Thank You. For those who are new to our program, we invite you to review our sale offering and come take a look at our bulls at any time prior to or on sale day. This years offering will include 40 2 year old bulls and 20 yearlings. These bulls are all developed on a sensible ration to allow for growth and genetic expression. The majority of the offering will be calving ease bulls which will be suitable for use on larger framed heifers. All the bulls will be genomic tested, and will undergo a breeding soundness exam prior to sale date. Our breeding guarantee, as outlined below, will assure buyers that all cattle sold through Moon Creek Farms will be represented to the best of our abilities. We understand that the most important step in genetic progress is pregnant cows.

We are very proud of our cow herd and feel the strength of any program starts with the female. We have been blessed to develop and work with some of the best cows the breed has to offer and feel this bull offering is a good representation of their abilities to transmit the quality traits we have carefully selected for.

We would love to have you stop and review the bulls prior to the sale at our ranch headquarters in George, Iowa. If you are unable to attend in person, the sale will be broadcast on DV Auction with videos available for your viewing. Thank you for your consideration in our program and we hope to see you on April 4.

Korey, Val, Ross, Carter, and Brooklyn Krull

Dam of Lots 1, 48 – Moon Creek Erica of RR H1052

Coherent's fifth dam is the Hoover Angus cornerstone G366 whose lineage of Erica daughters have been incredibly impactful across the breed. Building on the impressive maternal data is this bull's donor dam who posts 1 WW@128, 1 YW@122, 3 IMF@103, 2 RE@115.

AN ATTRACTIVE BUILD AND PHENOTYPE

Connect masters the data fields with a different pedigree for everyone to utilize. His attractive build and phenotype should generate incredible daughters. The cow family behind this bull is excellent with Clover 150, who made big strides for Baldridge Performance Angus.
